KSW CONSTRUCTION FINISHES EXPANSION OF THE GREAT DANE
5,300 Sq. Ft. Expansion Means New Nightlife for Hilldale Location

MADISON, Wis., (February 23, 2009) – KSW Construction Corporation recently completed an expansion of The Great Dane Pub and Brewing Company, located at Madison’s Hilldale shopping center, according to KSW Construction president Dean Slaby. “In 2006 KSW was able to complete the restaurant build-out of The Great Dane at Madison’s Hilldale location, and we’re happy that the restaurant’s success has allowed us to continue our relationship through construction of the expansion project as well,” said Slaby.

The expansion of the restaurant includes approximately 5,300 square feet of new floor space. The already existing restaurant is now complemented with a pool hall and bar area. “We are hoping that the expansion of the Great Dane will allow us to serve more customers by reducing the waiting time in the dining area and also increase the nightlife potential of this Great Dane location,” said Rob LoBreglio, brewmaster and vice-president of The Great Dane restaurants. “We felt that there was a need for more entertainment options in the area,” said LoBreglio. Special features of the expansion project include rustic style lighting, wood paneling, pub style rounded booths, and a large, rectangular bar which all add to the brew house feel of the restaurant.

KSW Construction Corporation is a Madison-area full-service general contractor providing design/build and construction services for restaurant, commercial, industrial, retail and service projects with a fresh, progressive approach. Founded in 2005, KSW Construction is committed to delivering a quality project on time and on budget, while providing excellent personal service.
